Disability Accommodations and Resources

Disability accommodations can be simple, but most importantly, they should be offered in response to any request or customer-identified need. Accommodations may require “thinking outside-of-the-box” or researching resources. Many resources for providing accommodations are available for Job Center staff. The following DWD issuance discuss a few of the many accommodations that can be offered to customers with a disability by staff. DWD Issuance 05-2011, Attachment 1, page 3 of 4, addresses disability accommodations for the Quick Guide Initial Assessment. Other possible accommodations and resources are listed for Job Center staff in this Disability Accommodations section.

The following is a quick summary of some of the assistive technology in the Job Centers that can be provided as an accommodation. Additional resources for accommodations are available from the DWD Disability Coordinator, Kristin Funk.

Customers who are Blind: ADA computer with Window Eyes (Screen Reader) software. This screen reader software will read aloud all text and symbols, icons and pictures that appear on the computer (website or software program). To access the Membership screen and jobs.mo.gov, <CTRL> <SHIFT> <a> toggles the Browse Mode ON/OFF, to allow the customer to type their information on the website.

Tip: Make certain that the ADA computer is logged on to the Network using the ADA logon to ensure that it receives all network updates. Have headphones available for anyone who chooses to use them.

Customers with Low Vision: ADA computer with large screen and Zoom Text (Screen Enlarger) software. This screen enlarger will adjust to magnify everything that appears on the screen as well as invert colors etc.

A Closed Circuit TV or “CCTV” is also available to enlarge the view of paper documents.

Customers who are Deaf: An American Sign Language (ASL) Interpreter should be provided for any customer who is deaf and requests this accommodation. Job Center staff should use the State of Missouri’s contract to obtain a licensed interpreter, under Statewide Professional Services Contracts, Communication and Support Services, Interpreting Services. An interpreter should be made available within 2-3 days of the request. Staff cannot “act as an interpreter” unless they are licensed, however, they may communicate directly using sign language to provide services as long as they are not “interpreting” for another staff.* See the Sign Language Interpreter Desk Aid and Checklist.

The TTY is a phone for the Deaf that can be used for outgoing calls using Relay Missouri. See the Assistive Technology Desk Guide.

Customers who are Hard of Hearing: The Ubi Duo is available to customers and staff communicating in addition to portable assistive listening system with microphone or a captioning or CART service available through the State Contract under Statewide Professional Services Contracts, Communication and Support Services, Court Reporting Services.

Customers with a physical disability: An adjustable height table is available for customers who use a wheelchair and need the table height adjusted. A trackball mouse is available for customers with limited dexterity or mobility.

Note: Many other accommodations can be made using all of the resources available to Job Center staff.

Sign Language Interpreter Desk Aid & Checklist

A sign language interpreter should be provided in response to all requests, generally within 2-3 days, when requested by a customer who is Deaf, or because of a speech disability. Only a licensed interpreter can be used to provide sign language interpreting services per RSMo 209.321.1.

A customer is never responsible for providing his or her own disability accommodation or interpreter. For example, a customer should not be asked to bring or use a family member or friend who can provide sign language or other language interpreting to access Job Center services.

The Job Centers’ procedure for obtaining a licensed American Sign Language (ASL) interpreter or other sign language interpreting for any customer who needs or requests an interpreter is outlined below. If you have any questions, please contact Kristin Funk, DWD Disability Coordinator, 573-751-1098 or kristin.funk@ded.mo.gov.

1. Record the customer’s name, contact information and required meeting time & date or availability for meeting during the next 3 days. See Checklist form (p.3)

2. If the customer can wait for you to contact the interpreter agency and schedule the appointment, go to step 4 or contact Kristin Funk for assistance by phone at 573-751-1098.

3. If not, make certain that you have the customer’s contact information to schedule the appointment after you identify an interpreter who is available.

4. Go to: http://archive.oa.mo.gov/purch/contracts/

Scroll down to 4. Search by Contract Type, Select the radio button for “Statewide Professional Service Contracts”, Select “Communication and Support Services” and click Submit.

Scroll down to “Interpreting Services for People with Hearing Loss” and click the “Contract number” hyperlink to the right of the title (any hyperlink will go to the contract).

Select PDF or Word Format

Find your county on the alphabetical list of counties where the interpreter is needed (pages 6-28). You will not need the Advanced or Master levels unless you have a specialized project that requires this (see 2.4.1 page 77-78).

Note: The interpreter agency may send an Advanced or Master Level interpreter, but your contracted rate is based on the level of interpreter you request—“Basic Level (3)”.

Identify the low-cost, Basic Level (8-5 p.m.) hourly rate, Vendor for your county (p.6 -28).
Match the vendor to the list of vendors and their contact info on pages 1-3.

5. Call and inform this interpreter agency (vendor) that you are using the State Contract to obtain services. Request a “Basic Level 3 - Interpreter” to be provided on a given date and time that has been jointly arranged with the customer and staff.

Confirm the contracted hourly rate and that there are no additional charges. (The contracted hourly rates listed are a flat hourly rate. No additional charges for travel, travel time or mileage are allowed unless services are provided outside of awarded counties as listed on pages 6-28. (2.7.6.a page 80).

The contractor/interpreter will be paid for a minimum of 2 hours even if their services are required for less than 2 hours or if the state agency cancels with less than 24-hour notice. It is important to let the customer know when the interpreter has been confirmed and exactly what timeframe to expect. (2.7.3.c. on page 79)

When the interpreter arrives, ask to see their Missouri State Sign Language Interpreter’s license in order to make a copy for your records. The copy can be kept in order to document the interpreter’s credentials. (2.3.4.a. on page 77)

Track the amount of time that the interpreter is there (2.7.3.a. on page 79) and ask to make a copy of the interpreter’s license to keep on file. This is proof that a Missouri licensed interpreter was used. You can also search https://renew.pr.mo.gov/licensee-search.asp to check the list of Missouri licensed sign language interpreters.

Remember that you are communicating with your customer, not the interpreter. Look at your customer, rather than the interpreter. Be certain to address your customer directly when you speak, for example, don’t say “tell him” or “tell her”. Speak directly to your customer in your usual manner; there is no need to speak slowly or loudly. Make the most of your time and use facial expression and body language to help convey your message. You will need to provide a clear line of vision for your customer, the interpreter and yourself. A conference table or office with adequate space may work best.

Limited English Proficiency (LEP) Policy

Intake Procedures for LEP Individuals (See DWD Issuance 06-2014)

1. Walk-in LEP customer – use “I Speak” card (this is required) to indicate language of choice. 
   Contact World Wide Interpreters (see attached Guide to Effectively Working with our 
   Interpreters). With assistance of interpreter, conduct standard intake steps to serve the LEP 
   individual.

2. Must provide location suitable to confidentiality, such as conference room with speaker 
   phone.

3. During intake, provide LEP individual with copy of the “I Speak” language card listing the 
   language of their choice. The individual may keep card in their possession to display to staff as 
   they are processed through Career Center. Accepting and/or maintaining this language 
   identification card is voluntary and will not impede the delivery of services.

4. If you cannot determine language of LEP individual after using “I speak” card or any other 
   readily available method (i.e., bilingual/multilingual staff), immediately contact World Wide 
   Interpreters to determine appropriate language of individual.

5. Use the language interpretation service during each step of initial assessment, including and 
   including service delivery.

Serving LEP Individuals – Important 
Points:

At a minimum, intake or welcome staff must record the language of the LEP individual in his/her 
file (including electronic files) so that subsequent interaction will be conducted in the 
same language. If interpretation service is used, record a brief description of how the service 
was used in the LEP Individual’s file (case note). Limited English Proficiency will be noted on 
the Demographic tab of the jobs.mo.gov membership registration screen. When “Yes” is 
selected for LEP, the customer will be prompted to select a language via dropdown. This will 
then be documented on the Core Enroll tab of the Seeker Screen in Toolbox.

Use of family members, friends, or other informal interpreters present ethical and other 
privacy complications and is not supported nor recommended. It is our obligation to provide 
qualified interpreters to all individuals who need and/or request oral language assistance. Use 
of family, friends, or others as interpreters may expose the recipient to liability under Title VI 
of the Civil Rights Act of 1964 and Section 188 of the Workforce Investment Act. An LEP 
individual has the right to decline staff offer of free interpreter services, however, all declined 
offers must be documented in the individual’s file, including those files maintained 
electronically (Toolbox).

How to Use Interactive Voice Response (IVR)

Step 1: Call 1 888-338-7394
Step 2: Enter Account Number 20702, followed by # sign
Step 3: Select 1 to be connected directly to your Spanish interpreter, or
       Select 2 to be connected directly to your Russian Interpreter, or
       Select 3 to be connected directly to your Vietnamese interpreter, or
       Select 4 to be connected directly to your Somali Interpreter, or
       Select 9 for all other languages
*If you require a 3rd party call, press 9 to reach a Customer Service Representative
Step 4: Enter Location Code, followed by # sign (4 digit code provided)

IVR FAQs:
What if I do not know my Account number?
You do need this information in order to reach the interpreter directly. If you are unsure of your account number, wait and the system will direct you to a live operator who will look up your account.

What is IVR?
IVR stands for Interactive Voice Response. CTS LanguageLink’s IVR system allows a customer to quickly select the language desired for interpretation and be connected immediately to an interpreter without interaction with a live attendant. The benefit of this is an even faster connect time to your interpreter and better service to your limited English proficient (LEP) client.

What is a third party call?
A third party call is when you need CTS LanguageLink to call the LEP client and then bridge the call together with you and the interpreter.

How do I make a third party call with CTS LanguageLink?
If you need a third party call, press 9 (even for Spanish) to reach a Customer Service Representative (CSR) and let the operator know you need a third party call. We are happy to assist you with this at no additional charge. Our interpreters are not able to make the third party call directly.

I need another language other than the ones listed. How do I get my interpreter on the line?
Press 9 for other languages and let the CSR know which language you require and they will connect you. If the language is unknown, you may reference the “Point to your Language” visual for help with most requested languages or ask a representative for assistance.

How to Work with a Telephone Interpreter

YOUR ROLE

Telephone interpreters may receive several calls a day—each one requiring special attention in a specific field. When working with an interpreter over the phone, there are a few things you should keep in mind to ensure your call is handled quickly and successfully.

- Always speak in first person, just as you would in normal conversation. For example, say, “Do you have a fever?” rather than “Ask her if she has a fever, please.”
- Immediately introduce yourself to the limited-English proficient (LEP) client and explain your reason for calling.
- Telephone interpretation is “consecutive” interpretation. That means you will experience pauses when the interpreter repeats each statement in the respective language.
- After you speak one-two sentences or finish a thought, pause to give the interpreter enough time to interpret.
- Be prepared to explain some things in more detail for the telephone interpreter. Some terminology and concepts may not have an equivalent in the target language.
- Control the conversation. The telephone interpreter is only there to interpret. You are responsible for making sure the LEP client receives the same service as an English-speaking client.
- Ask the interpreter and the LEP client questions to ensure they understand what you want to communicate.
- Avoid asking the interpreter for his/her opinion about the situation being interpreted.
- We can accommodate three-way telephone interpretation calls. Tell the call center agent the name and phone number of the third party, and they will arrange the call for you. The interpreter cannot facilitate this for you. You must ask the call center agent at the beginning of the call.
- Follow up by providing us with feedback about your interpretation services.

YOUR TELEPHONE INTERPRETER’S ROLE

We expect our interpreters to meet high standards and want to know when they are meeting our expectations. To that end, your feedback is critical.

- Make sure your interpreter introduces himself/herself using a first name and ID number. They are not required to provide a last name.
- Your interpreter should not have a side conversation with you or the client. He or she must relay everything that is said back to you or your client. This includes any advice that the client may ask of the interpreter.
- Your interpreter should not discuss anything unrelated to the telephone interpretation assignment.

More questions about telephone interpretation? Contact us at 1-866-610-1338 or email info@ctslanguagelink.com.
